COVID-19

Education crisis

Early evidence from school closures already suggests an increase in early marriage and sexual violence in some countries, whereas others report increased involvement of children in household chores (Asanov, 2020; Reuters, 2020).

Schools are essential for children's learning, health, safety and well-being

no remote learning technology can completely replace the classroom learning experience

Quality education ensures each child can reach their full potential.

CAN CHILD
return to school?

COVID-19 Education crisis

COVID-19 Education crisis

schools for more than 168 million children globally have been closed for almost a full year
